JAILT Author Pre-Submission Checklist

Complete this checklist before uploading the manuscript. It is not part of the published article.

Manuscript files

□ Main manuscript uploaded in identified or blinded form as required.
□ Separate title page uploaded for double-anonymized review.
□ Figures and tables are editable or supplied at adequate resolution.
□ Supplementary files are clearly named and cited in the manuscript.

Scientific reporting

□ The contribution is explicit and distinguished from prior work.
□ Methods contain enough information for reproduction.
□ All outcomes, baselines, metrics, statistical tests, and uncertainty measures are defined.
□ Limitations and threats to validity are discussed.

Formatting

□ A4 page, 20 mm margins, 10 pt body text, and black headings are retained.
□ Article type, section, word count, and figure/table totals have been entered in the online submission form.
□ Tables use the three-line style, fit the 170 mm text width, and contain no vertical rules.
□ Figures and tables are cited in numerical order and have self-contained captions.

Integrity and references

□ Funding, ethics, consent, data, code, AI-use, and conflict statements are complete.
□ The blinded file contains no identifying text or hidden metadata.
□ All citations follow JAILT Numeric Reference Style and are numbered by first appearance.
□ Every DOI and bibliographic field has been checked against the original source.
