Supplementary References

Supplementary Methods S1

Provide methods that support the main article but are not essential to its narrative. Number supplementary equations as (S1), (S2), and so forth.

Supplementary Results S1

Report additional analyses, sensitivity checks, ablation studies, validation results, or implementation details.

Table S1. Supplementary results.

Condition	Metric 1	Metric 2	Metric 3
Condition 1	0.000	0.000	0.000
Condition 2	0.000	0.000	0.000
Condition 3	0.000	0.000	0.000
